

DUSH ARENA DUO

SIZES

10 Kg (Part A -8kg and Part B -.2kg)

COLORS

White

AREA OF USE

Marble, Granite & Natural stones

PHYSICAL STATE | Paste

COLOUR | White

DESCRIPTION:

Dush Arena Duo is a two-component PU adhesive with a special formula containing high-quality ingredients, ensuring extremely strong adhesion, isolation, and flexibility. It is ideal for high-level adhesion between marble, granite, and natural stone to wood, plywood, glass, and metal surfaces. The adhesive is user-friendly, making work faster and ensuring a neat job, suitable for sticking any surface to any surface, at any height, and in any situation.

Product Application Photo:

INSTRUCTIONS TO USE:

1. Do not spread adhesive more than 1 sqm at a time, Install the stone on spread bed and continue further area.
2. Apply the mixed adhesive combination to the required depth (between 2 -8mm) using a suitable trowel. Press the tiles gently into position with a slight twisting action, checking periodically that good contact is maintained with the back of each tile. Tiles to be fixed within 15 minutes of adhesive being applied, depending on the porosity of the surface and atmospheric conditions. Leave adequate joints between individual wall and floor tiles. Clean off surplus adhesive from the tile & joints.

FEATURES AND BENEFITS:

1. Exceptional Strength: Provides extremely strong adhesion for demanding applications.
2. Versatile Bonding: Ideal for bonding various materials including marble, granite, natural stone, wood, plywood, glass, and metal.
3. High Flexibility: Ensures flexibility, accommodating movements and reducing the risk of cracks.
4. User-Friendly: Easy to use, facilitating quicker work and ensuring a neat finish.
5. Reliable Performance: Formulated with high-quality ingredients for long-lasting, professional-grade results.

PRECAUTIONS AND NOTES:

1. Wear Hand Gloves.
2. Keep Out of Reach of Children.
3. Keep the application area enough ventilated.
4. Keep the product closed after usage and away from sunlight.
5. Always test the product before use.

HANDLING & SHELF-LIFE:

Keep the tins closed and stored in a cool and ventilated environment at a temperature of 28–35 °C, away from the source of heat. Best Before 12 months.

SAFETY RULES:

Keep the application area enough ventilated. Keep the tins closed after usage and away from sunlight. Please read carefully the safety data sheet before usage. Always test the product before use.
