

Multi surface polish and finishers

MADE IN ITALY

**DUSH DURUX**

**SIZES**

1 ltr

**COLORS**

Clear

**AREA OF USE**

Granite

PHYSICAL STATE

Liquid

COLOUR

Clear

**DESCRIPTION:**

**DUSH DURUX** Rust Remover is a premium solution tailored to effectively eliminate yellow rust from granite surfaces. Rust, a natural reaction within granite, forms unsightly yellow patches due to specific mineral interactions. Our specialized formula neutralizes this reaction, targeting and removing rust stains with precision. To ensure optimal results, Dush Durux recommends a sample application on granite before full treatment.

**Product Application Photo:**

## INSTRUCTIONS TO USE:

1. Apply the product on the surface using a paintbrush and let it work for 30 minutes to 3 hours depending on the fading of the stain.
2. Rinse the surface with clean water thoroughly.
3. Careful rinsing is important when the treatment will follow the application of a protective or impregnating product.

## FEATURES AND BENEFITS:

1. **Specialized Formulation:** Durux Rust Remover is meticulously formulated to target and neutralize yellow rust stains specifically found in granite surfaces, restoring their pristine appearance.
2. **Effective Rust Removal:** With its advanced formula, Durux effectively eliminates yellow rust stains caused by mineral reactions within granite, ensuring thorough and lasting results.
3. **Minimized Rust Reactivity:** By denaturing the rust reaction process, Durux helps reduce the reactivity of rust stains, preventing their intensification over time and preserving the integrity of the granite.
4. **Customized Application:** Durux advises a small sample application on granite surfaces prior to full treatment, allowing users to assess the effectiveness of the product and tailor its application accordingly.
5. **Preservation of Granite:** Durux Rust Remover not only removes rust stains but also helps maintain the natural beauty and longevity of granite surfaces, ensuring they remain pristine and free from unsightly discoloration.

## PRECAUTIONS AND NOTES:

1. Wear Hand Gloves.
2. Keep Out of Reach of Children.
3. Keep the application area enough ventilated.
4. Keep the product closed after usage and away from sunlight.
5. Always test the product before use.

### HANDLING & SHELF-LIFE:

Keep the tins closed and stored in a cool and ventilated environment at a temperature of 28–35 °C, away from the source of heat. Best Before 12 months.

### SAFETY RULES:

Keep the application area enough ventilated. Keep the tins closed after usage and away from sunlight. Please read carefully the safety data sheet before usage. Always test the product before use.
