1.65 g/cm

1.4 g/cm

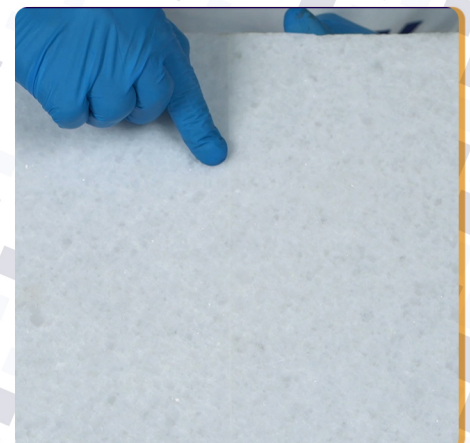

COLOUR

Crystal Clear

DESCRIPTION:

Dush Crystallo A is a premium clear liquid resin renowned for its exceptional transparency, perfect for creating joints in white or light marble surfaces. Its unique formulation ensures that it maintains the original color of the marble after drying, providing a seamless and aesthetically pleasing finish. With high-quality additives, Crystallo A offers long-lasting clarity and ease of mixing with any color, making it an ideal choice for various marble applications.

Product Application Photo:

INSTRUCTIONS TO USE:

1. Clean and dry the exterior surface of the stone.
2. Stains, dust and marks should be wiped out.
3. To use the filler, blend the two parts called 'glue' and 'catalyst (2%)'.
4. The blended mixture should be applied immediately to cover the joints and holes.
5. Let the filler set for 4 hours and polish the flooring to get a pristine exterior.

FEATURES AND BENEFITS:

1. **Exceptional Transparency:** Crystallo A boasts unparalleled clarity, allowing for seamless blending with white or light-colored marble without altering its appearance.
2. **Color Retention:** Its advanced formulation ensures that it preserves the original color of the marble after drying, maintaining the integrity of the surface.
3. **Long-Lasting Clarity:** Thanks to high-quality additives, Crystallo A retains its clear transparency for an extended period, ensuring enduring beauty and durability.
4. **Versatile Mixing:** Easy to mix with any color without affecting its transparency, offering versatility in design and application.
5. **Seamless Application:** Crystallo A provides a smooth and seamless finish, making it perfect for creating joints and enhancing the aesthetic appeal of marble surfaces with precision and elegance.

PRECAUTIONS AND NOTES:

1. Wear Hand Gloves.
2. Keep Out of Reach of Children.
3. Keep the application area enough ventilated.
4. Keep the product closed after usage and away from sunlight.
5. Always test the product before use.

HANDLING & SHELF-LIFE:

Keep the tins closed and stored in a cool and ventilated environment at a temperature of 28–35 °C, away from the source of heat. Best Before 12 months.

SAFETY RULES:

Keep the application area enough ventilated. Keep the tins closed after usage and away from sunlight. Please read carefully the safety data sheet before usage. Always test the product before use.
