DESCRIPTION:

Dush Protek+ is a premium anti-stain product designed to safeguard white and light-colored marble, granite, and natural stone surfaces. With its advanced formulation, Protek+ provides heavy-duty protection against a wide range of stains, including water, tea, coffee, and wine. Ideal for luxurious and delicate floors, Protek+ offers unparalleled defense, ensuring your surfaces remain pristine and beautiful for years to come.

Product Application Photo:

INSTRUCTIONS TO USE:

1. Surface should be clean dry and dust free. Spread the product, with a cotton cloth, paint brush/pad or low-pressure sprayer, on the surface evenly. After 15 to 20 minutes from the application, remove the excess product from the surface. Repeat the application 2 -3 times depending on the absorption capacity of the stone. Avoid walking on the treated surface for 24 hours.

FEATURES AND BENEFITS:

- 1. Superior Stain Protection:** Protek+ offers high-quality defense against various stains, safeguarding delicate white and light-colored marble, granite, and natural stone surfaces.
- 2. Comprehensive Coverage:** Provides protection against water, tea, coffee, wine, and other common staining agents, ensuring your surfaces remain pristine in high-traffic areas.
- 3. Preserves Luxurious Appearance:** Ideal for expensive and luxurious floors, Protek+ helps maintain the natural beauty and elegance of marble surfaces by preventing unsightly stains.
- 4. Heavy-Duty Defense:** With its advanced formulation, Protek+ delivers heavy-duty protection, making it suitable for both residential and commercial applications where durability is paramount.
- 5. Peace of Mind:** By using Protek+, you can enjoy peace of mind knowing that your valuable marble floors are well-protected against potential staining, preserving their longevity and aesthetic appeal.

PRECAUTIONS AND NOTES:

- 1.** Wear Hand Gloves.
- 2.** Keep Out of Reach of Children.
- 3.** Keep the application area enough ventilated.
- 4.** Keep the product closed after usage and away from sunlight.
- 5.** Always test the product before use.

HANDLING & SHELF-LIFE:

Keep the tins closed and stored in a cool and ventilated environment at a temperature of 28-35 °C, away from the source of heat. Best Before 12 months.

SAFETY RULES:

Keep the application area enough ventilated. Keep the tins closed after usage and away from sunlight. Please read carefully the safety data sheet before usage. Always test the product before use.
