Colourless

DESCRIPTION:

DUSH WET SEAL is a specially formulated solution crafted with premium ingredients to impart a long-lasting wet effect and accentuate the veins and natural colors of porous stones like marble, granite, and natural stone. Designed exclusively for use on natural and rough finish surfaces, this product enhances the aesthetic appeal of various stone types, though it is not suitable for application on polished marble and granite surfaces.

Product Application Photo:

INSTRUCTIONS TO USE:

1. Surface must be clean, dry and free from traces of any substance. Apply with paintbrush, cotton cloth, or low-pressure sprayer on surface evenly. Allow the material absorb the product as per natural porosity of the stone. Wipe off the excess product with an absorbent cloth. Do not walk on the treated surface, preferably for 24 hours, but for at least 5-6 hours.

FEATURES AND BENEFITS:

- 1. Long-Lasting Wet Effect:** WET SEAL's advanced formula provides a durable wet effect on porous stone surfaces, ensuring a lasting enhancement of their natural beauty and characteristics.
- 2. Vein and Color Accentuation:** With its high-quality ingredients, WET SEAL effectively highlights the veins and natural colors inherent in porous stones, adding depth and dimension to their appearance.
- 3. Versatile Compatibility:** Suitable for use on various porous stone types, including marble, granite, and natural stone, WET SEAL offers versatile solutions for enhancing the aesthetic appeal of different surfaces.
- 4. Preservation of Natural Finish:** By accentuating the natural features of rough finish surfaces, WET SEAL helps preserve the authentic look and feel of porous stones, maintaining their original charm and character.
- 5. Exclusive Application:** Tailored specifically for natural and rough finish stones, WET SEAL ensures optimal results without compromising the integrity of polished marble and granite surfaces, providing a safe and effective solution for enhancing porous stone aesthetics.

PRECAUTIONS AND NOTES:

- 1.** Wear Hand Gloves.
- 2.** Keep Out of Reach of Children.
- 3.** Keep the application area enough ventilated.
- 4.** Keep the product closed after usage and away from sunlight.
- 5.** Always test the product before use.

HANDLING & SHELF-LIFE:

Keep the tins closed and stored in a cool and ventilated environment at a temperature of 28-35 °C, away from the source of heat. Best Before 12 months.

SAFETY RULES:

Keep the application area enough ventilated. Keep the tins closed after usage and away from sunlight. Please read carefully the safety data sheet before usage. Always test the product before use.
