

DUSH DAZZLE POWDER

SIZES

500 gms

COLORS

Lemon Yellow

AREA OF USE

Marble

PHYSICAL STATE |

Powder

COLOUR |

Lemon Yellow

DESCRIPTION:

DUSH DAZZLE POWDER is a durable and instant polishing solution designed to enhance the gloss and clarity of any marble surface. It imparts a high gloss and crystal effect without the slippery feel of wax, making your floor shine brilliantly. This product is perfect for restoring the lost sheen of marble in hotels, malls, and various commercial and residential complexes.

Product Application Photo:

INSTRUCTIONS TO USE:

- 1.** To begin, clean the surface thoroughly and remove any dirt or debris. Next, apply 20 to 40 grams of the product per square meter, which is equivalent to roughly 1-2 tablespoons. After applying the product, spray the surface with water until it reaches a creamy consistency.
- 2.** To achieve a smooth and even polish, use a traditional or single buff machine to buff the milky or creamy texture with continuous and constant motion. Work on 2-3 square meters at a time for a more uniform result. Friction during the polishing process can cause the water to evaporate, so spray water to keep the product creamy.
- 3.** With the drying the surface becomes shining.
- 4.** Verify the glossy effect and repeat if necessary.

FEATURES AND BENEFITS:

- 1. Instant High Gloss:** Provides a durable, high-gloss finish with a crystal effect, significantly enhancing the appearance of marble surfaces.
- 2. Non-Slip Finish:** Unlike wax-based products, it ensures a high-gloss finish without creating a slippery surface, making it safe for high-traffic areas.
- 3. Zero Foot Marks and Gloss Variation:** Ensures a consistent shine with no foot marks or gloss variations, maintaining a flawless look.
- 4. Versatile Application:** Effective on fragile or soft marble, it is easy to apply and clean, providing a hassle-free polishing solution.
- 5. Ideal for Restoration:** Highly recommended for restoring the lost sheen of marble in various settings, including hotels, malls, and both commercial and residential complexes.

PRECAUTIONS AND NOTES:

- 1.** Wear Hand Gloves.
- 2.** Keep Out of Reach of Children.
- 3.** Keep the application area enough ventilated.
- 4.** Keep the product closed after usage and away from sunlight.
- 5.** Always test the product before use.

HANDLING & SHELF-LIFE:

Keep the tins closed and stored in a cool and ventilated environment at a temperature of 28–35 °C, away from the source of heat. Best Before 12 months.

SAFETY RULES:

Keep the application area enough ventilated. Keep the tins closed after usage and away from sunlight. Please read carefully the safety data sheet before usage. Always test the product before use.
