## DESCRIPTION:

**Dush Nano+** is a specialized formula for the protection of white & beige marble, granite & natural stones, it is specially formulated to ensure that it does not change the natural colour of the marble while protecting the marble. Dush Nano + with its high degree of protection from infiltration is the perfect solution for all types of stone surfaces (Polished or grinded or rough). Dush Nano + is an anti-stain, oil and water-repellent sealer with no colour change, reduces dirt absorption, is non-yellowing, UV resistant. Dush Nano + is used for water, grease and oil treatment of marble & Granite. It is absorbed by the stone without closing the pores.

## Product Application Photo:

## INSTRUCTIONS TO USE:

The surface must be clean and completely dry.

Apply the undiluted product with a paintbrush, cotton cloth, mop or low-pressure sprayer on the surface evenly.

Use the right quantity that the material nature can absorb, after 15-20 minutes of application wipe off the excess with an absorbent cloth.

We suggest repeating this treatment after 10-15 minutes from the first application do not walk on the treated surface 24 hours after treatment.

## FEATURES AND BENEFITS:

- 1. Superior Protection without Color Change** – Dush Nano+ preserves the natural color of white and beige marble, granite, and other natural stones while offering advanced protection against stains and liquids.
- 2. Anti-Stain and Water-Repellent Properties** – Its unique formula repels oil, water, and grease, making it ideal for protecting surfaces from spills and dirt while reducing dirt absorption.
- 3. UV Resistant & Non-Yellowing** – Dush Nano+ ensures long-lasting protection, remaining UV-resistant and non-yellowing, thus preventing stone discoloration over time.
- 4. Versatile Application on All Stone Surfaces** – Suitable for polished, grinded, and rough stone surfaces, offering seamless protection without altering texture or breathability by keeping pores
- 5. Durable & Effective Sealing** – Absorbs into the stone, enhancing durability while allowing the stone to breathe naturally, preventing moisture-related damage and increasing the longevity of the stone's appearance.

## PRECAUTIONS AND NOTES:

- 1. Wear Hand Gloves.**
- 2. Keep Out of Reach of Children.**
- 3. Keep the application area enough ventilated.**
- 4. Keep the product closed after usage and away from sunlight.**
- 5. Always test the product before use.**

### HANDLING & SHELF-LIFE:

Keep the tins closed and stored in a cool and ventilated environment at a temperature of 28-35 °C, away from the source of heat. Best Before 12 months.

### SAFETY RULES:

Keep the application area enough ventilated. Keep the tins closed after usage and away from sunlight. Please read carefully the safety data sheet before usage. Always test the product before use.
