DESCRIPTION:

DUSH Yellow Powder is an exceptional marble polishing powder renowned for its extraordinary benefits in new marble polishing and maintenance. Formulated with high-quality ingredients, it eliminates the oily effect post-polishing and prevents hand/foot marks, ensuring a pristine finish. Ideal for new construction sites and maintenance projects in various settings such as hotels, hospitals, malls, and residential houses.

Product Application Photo:

INSTRUCTIONS TO USE:

1. Carefully clean the surface and remove any kind of the dirt. Apply 20 to 40 grams of product per square meter (about 1-2 tablespoons) and dampen the area by spraying the water till it obtain a texture of creamy consistency.
2. Buff the milky/creamy texture with continuous and constant motion by using the traditional polish machine or single buff machine. Work 2-3 square meters time by time for a more homogeneous polishing.
3. Friction will cause the water evaporation, spray water to maintain product creamy.
4. With the drying, the surface becomes shining.
5. Verify the glossy effect and repeat if necessary.

FEATURES AND BENEFITS:

1. Non-Oily Finish: Leaves behind a non-oily finish after polishing, enhancing the marble's natural beauty without any greasy residue.
2. Resistant to Marks: Prevents the formation of hand and foot marks due to its special formulation, maintaining the polished surface's cleanliness and appearance.
3. Versatile Application: Suitable for both new construction sites and maintenance projects, making it a versatile solution for various settings and surfaces.
4. High-Quality Formulation: Crafted with high-quality ingredients, it ensures superior performance and long-lasting results, even in high-traffic areas.
5. Professional-Grade Results: Trusted by professionals for its exceptional polishing capabilities, providing professional-grade results for marble surfaces of all sizes.

PRECAUTIONS AND NOTES:

1. Wear Hand Gloves.
2. Keep Out of Reach of Children.
3. Keep the application area enough ventilated.
4. Keep the product closed after usage and away from sunlight.
5. Always test the product before use.

HANDLING & SHELF-LIFE:

Keep the tins closed and stored in a cool and ventilated environment at a temperature of 28-35 °C, away from the source of heat. Best Before 12 months.

SAFETY RULES:
